RE:  
XTO Energy Inc.  
River Bend Unit 11-18F Site  
Permit # SMNSR-UO-000123-2012.001  
2016 Annual Emission Inventory  
Uintah County, Utah

To Whom It May Concern:

XTO Energy, Inc. respectfully submits this response regarding the 2016 Annual Emission Report for the River Bend Unit 11-18F Site – NSR Permit # SMNSR-UO-000123-2012.001. This report satisfies the reporting requirements for Permit # SMNSR-UO-000123-2012.001, Paragraph E.1.

The 2016 Annual Emissions for the XTO Energy Inc. - River Bend Unit 11-18F for all applicable sources, which includes the onsite natural gas dehydration system and associated thermal oxidizer, is zero due to the source not operating during the 2016 reporting year. The reason for the zero operating hours and zero associated emissions for 2016 was that the current operating conditions at the location do not require the use of the onsite dehydration system.

Should you have any questions or require additional information, please feel free to contact me at 817-885-2672.

Sincerely,  
XTO Energy, Inc.
